

Bay Area Building Solutions

Design-Build General Contractor

F. Pate Clements

Principal

RESPONSIBILITIES

As founder and principal owner, Pate is responsible for complete corporate oversight of Bay Area Building Solutions. With over 25 years of commercial construction experience, Pate provides primary company vision and direction. Under his leadership, the company has consistently grown to become the full service, client driven, design / build contractor that it is today. His knowledge of related businesses, network and keen grasp of finance have allowed the company to flourish in an extremely competitive marketplace.
